

January 2026

A755 Compliance

This letter is to certify that all painted TruZinc® or ZINCALUME® steel if ordered per the most recent version of ASTM A755 Standard Specification for Steel Sheet, Metallic Coated by the Hot Dip Process and Pre-painted by the Coil-Coating Process for Exterior Exposed Building Panels, will meet the specifications within the standard that are directly related to and controlled by the Steelscape manufacturing process

If you have any questions, please contact your Steelscape sales representative, or Steelscape directly at (888) 553-5521 or at productinfo@steelscape.com.

Sincerely,

A handwritten signature in black ink that reads "Michelle Vondran".
