RE: Compliance with Buy American Act, Surface Transportation Assistance Act & American Reinvestment and Recovery Act provisions

Steelscape's various metallic-coated and pre-painted products are manufactured in the United States. Consequently, construction materials manufactured using Steelscape's products will comply with the Buy American provisions of the Buy American Act ("BAA").

While construction materials manufactured using Steelscape's standard products comply with Buy American Act, this material does not comply with Executive Order 13858 of January 31, 2019 (Strengthening Buy-American Preferences for Infrastructure Projects). Steelscape's standard material will also not comply with the Surface Transportation Assistance Act ("STAA") of 1982, the American Reinvestment and Recovery Act ("ARRA") as amended, and may not comply with some state statutes.

Domestically poured material in compliance with the Executive Order, STAA or ARRA requirements can be obtained upon request, subject to additional lead time. The requirement for domestically poured material must be identified at time of order entry. Please inquire for availability.

If you have any question as to whether construction materials manufactured using Steelscape's products will comply with a specific federal or state statute not listed in this letter, please contact your Sales Representative or the Steelscape Marketing Department at (916) 376-2893 or by e-mail at john.provencal@steelscape.com.

Thank you,

John Provencal
Marketing Manager
