

AN AUTHENTIC RUST LOOK WITHOUT THE COMPROMISE

LONG CREEK STEEL, PROUD SUPPLIER OF STEELSCAPE'S RUSTIC RAWHIDE!

Introducing Rustic Rawhide® - A Rustic Metal Roofing and Siding Finish by Steelscape

Rustic Rawhide pairs warm colors and stimulating texture to provide an unparalleled weathered metal finish. Get the feel of traditional oxidized metal while minimizing surface shine, making it ideal for metal roofing and siding.

Key features:

- A highly versatile color that pairs well with a variety of styles and materials
- A unique textured finish for enhanced authenticity and natural light interaction
- No material preparation or wait-time required to get a weathered patina look
- No rust staining or long-term corrosion issues of traditional weathered steel
- Peace of mind of a 30-year limited finish warranty
- Available in residential and commercial panel profiles
- Available in a G90 galvanized substrate for long lasting corrosion protection

Rustic Rawhide®

AN AUTHENTIC RUST LOOK WITHOUT THE COMPROMISE
